

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

With the decision to wait until the first of the week to reopen school here because of the flu and its related illnesses it might be a good time to pass on some of the recommendations of national health officials.

Health officials advocate the following precautions.

Among these are avoiding crowds, avoiding visits to hospitals when not necessary, avoiding exposure to the sick and excessive weariness, when the body is likely to be susceptible.

Generally speaking, the young and healthy need not fear tragic results if the virus is contracted but the stricken should aid their body by bed rest, ample liquids and perhaps aspirin--for a relapse caused by too much exertion while fighting the disease can become serious. Those in essential jobs, the infirm and the elderly are advised to seek Hong Kong flu vaccine immediately.

We are glad to see the local Landowner's Association is sponsoring a public meeting on the Governor's Report on Public School Education. Meetings such as this are needed if the public is to understand this report and support the parts that are desirable.

And, this is where the problems of a report as far reaching as this lie. The full context of the report and the far-reaching affect it would have on our whole education system could easily get lost in the uproar over the consolidation aspect and the costs. These are the two parts that are getting most of the discussion but in the final outcome of the report and how it comes out of the legislature they may prove to be only a small part.

We feel sure that in the final outcome there will be a lot of compromising, especially in the matters of how much money will be needed and where the lines will be drawn on consolidations.

When you look at the committee's recommendations on the size of school districts you find that Jones County is an unusual county. Most of the counties in West Texas and maybe in most of Texas have one principle town with the great majority of students attending one school district. But in Jones County we have three principle towns with none of the schools having most of the county's students.

When you look at the situation in this light you see that in many counties it is feasible that a consolidation could be effected without creating too many problems but in counties like ours the problem becomes something else again.

Looking at the counties around us it is possible that the only school in Stonewall could be Aspermont, the only school in Haskell County could be at Haskell, in Fisher it could be at Rotan, in Nolan it would be at Sweetwater and in Shackelford it could be at Albany. In none of these cases would very many students be involved in bussing.

Because we feel that the overall effect of the report on public education in Texas would be good we hope that everyone will take a positive approach to the matter and pick out the better aspects of the plan and work for its passage in the legislature. A negative approach could nullify the better features of the program and not help solve the problems facing us in the future.

We are sure that there will be many changes in the report before it becomes law and our only hope is that it does not get watered down too far before it reaches the governor's desk. Two facts seem plain--a great many of our smaller schools need to be eliminated and education is going to cost us more money. How far we go in these two matters is the question that must be decided and not if we are going to do anything or not.

SCHOOL WILL NOT START UNTIL MONDAY

Supt. C. F. Cook announced this week that reopening of school following the Christmas and New Year vacation would be postponed until Monday, Jan. 6.

The decision to dismiss classes scheduled for Thursday and Friday was made after local health officials reported a high percentage of illness in the community.

Appreciation Day Drawing Set Wednesday

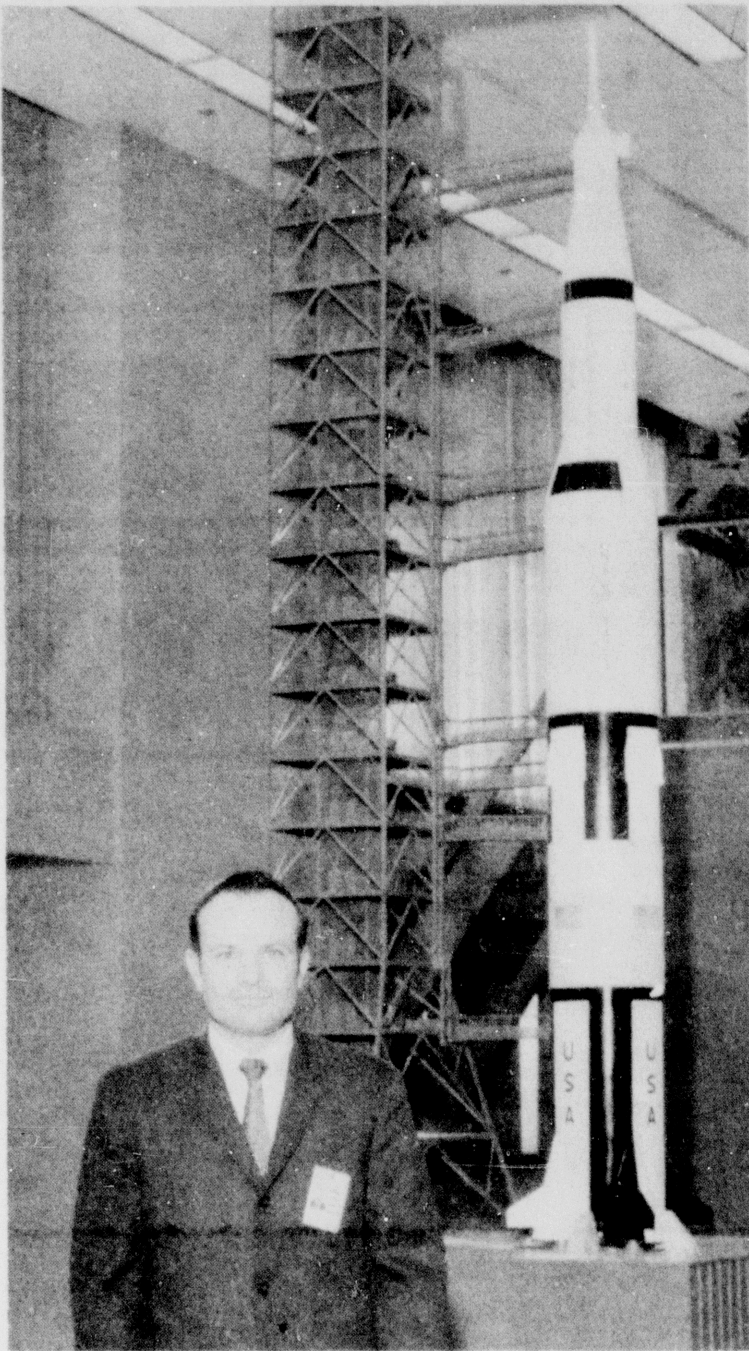

After skipping the week of Jan. 1, the next Appreciation Day drawing to be held by Hamlin merchants will be at 4:30 Wednesday, Jan. 8.

Two winners were named at the last drawing held on Monday, Dec. 23, due to a mixup in the rules.

Thelma Bates was awarded 30% of the drawing pot after it was decided that the rules permit her husband to claim the prize. Since it was first ruled that he could not win on her ticket a second drawing was held and Bobby Seifres was given five percent of the pot.

Mr. and Mrs. Everett C. Funk and his mother, Mrs. Olivia Funk of Englewood, Colo., visited in the home of Mrs. Olivia Funk's brother, Mr. and Mrs. Elmer Feagan, Dec. 21 and 22. Also visiting on Saturday were Mrs. O. D. Roland, Mr. and Mrs. B. H. Dillard and Jean, all of Hamlin, and Mr. and Mrs. August McWilliams of Winters. Mr. Funk is manager of the Rocky Mountain Motor Tariff bureau of Denver.

Mr. and Mrs. Dan Branscum had the following visiting with them during the holidays: Major and Mrs. Gene Steele, Gena and Rick of Lawton, Okla., Mr. and Mrs. Eddis Carpenter, Mike and Mark of Paducah, Mr. and Mrs. Wesley Groom, Janice and Derrell of Abilene, Mr. and Mrs. Neal Branscum and Gant of Houston and Mr. and Mrs. L. B. Bruner, Sharon, Michelle, Dan Allen and Todd, all of Hamlin.

WORKS ON APOLLO PROGRAM -- William B. Hennington, formerly of McCaulley, has worked on the Apollo 8 flight, which took the three American astronauts around the moon and back during the holidays. He is employed by the Space Division of North American Rockwell Corporation, builder of both the Apollo spacecraft and the second stage of its giant Saturn V launch vehicle.

Piperette Tourney To Open Here Today

The Piperettes will host their annual Invitational Basketball Tournament here today (Thursday) and Saturday. The tourney will be held in two days this year because of district play on Friday night.

McCaulley and Lueders-Avoca will open the action this afternoon at 4 and the Piperettes will close out the first night's action with Roby starting at 7:45. Rochester and Anson will meet at 6:30 and Aspermont and Haskell will play at 5:15.

Second round play will start at 8:30 Saturday morning with games at 9:45, 11:00 and 12:15.

The finals will start at 4:30 with the championship game at 8:30 Saturday night.

Trophies and the all-tournament team will be presented following the final game.

Season records indicate no clear-cut favorite in the tourney with Lueders-Avoca, Rochester, Anson, Aspermont and Hamlin all showing strength.

Forum Planned Here On Governor's Report

A public meeting on the controversial Governor's Report on Public School Education is being planned for Monday night at 7 in the Hamlin High School Cafeteria. The public forum type meeting is being sponsored by the Landowners Association of Hamlin.

Arrangements have been

made for Jones County School Superintendent Everett Beavers to give an outline of the report as it is being proposed by the committee appointed by Gov. John Connally. A question and answer period will follow.

Also on hand to present their views on the subject and to help answer any ques-

tions on the report will be State Representative Frank C. Calhoun and Grant Jones, both of Abilene, and who represent both Jones and Taylor Counties in the State Legislature.

Also invited is State Senator David Ratliff of Stamford. It was not known earlier this week if he would be able to attend.

Olin Amerson, who is working on the program for the Landowners Association, stressed that the meeting was opened to the general public and that he hoped that the cafeteria would be full. He stated that this proposed reorganization plan for the public schools effects every citizen of Texas.

Ballinger Here Friday--

Pipers Lose Toss, Take Second In Stamford Tourney Saturday

The Pied Pipers ended up in a three-way tie in the four team Stamford Invitational Basketball Tournament Saturday night and came up with the second place trophy after Stamford won the coin toss to break the tie.

In the round robin tourney, Hamlin defeated Stamford 56-41 but lost to Lueders-Avoca 81-65. Stamford won over Lueders-Avoca 53-47. All three teams downed Haskell with Hamlin winning their game with the Indians, 62-50.

Stick Newland and Robert Bolden were named to the All-Tournament team.

The Pipers will host Ballinger here Friday night in their third district contest with the boy's B team playing at 6:15 and the varsity game following.

Tuesday night all three Hamlin teams will journey to Merkel to meet the Badgers in conference games with the B team starting action off at 5:00.

The Pipers are one and one in district action, while Ballinger is looking for their first win. The Badgers are undefeated in conference play. The Piperettes have played one district game, defeating Haskell.

Over 300 Paintings Entered In WTCC Art Show Set for Snyder

More than three hundred paintings have been entered in the first West Texas Art Show scheduled for February 18 in Snyder, according to Wacil McNair, general chairman of the event. Sponsor of the all-West Texas show is the West Texas Chamber of Commerce.

The entry deadline has been set for January 15 for notification of entry in the show. Official notification must be sent to the WTCC office in Abilene by that date, according to McNair.

Oils, watercolors and other media from all sections of West Texas have been entered in the show. Artists who participate must be residents of the 132-county area of the

WTCC and the subject matter of the paintings must be West Texas oriented. Tourists attractions, scenery or West Texas historical subjects are the only subjects being shown.

The one-day show will be held in connection with the annual WTCC Tourist Development Conference at the Scurry County Coliseum. Judging will be done on Monday, February 17 and the pictures will be on display on February 18.

Prizes will be awarded at a luncheon on February 18. The first prize of \$500 will be awarded to the best in show regardless of media. Other prizes will be \$100, \$75 and \$50 for first, second and third in oil, watercolor and other media classifications.

Farmers May Deduct 4c Gas Tax From Income Tax

Farmers and ranchers can deduct 4c per gallon of gasoline used in farming or ranching from their income tax report for 1968, says County Agent Kirby Clayton.

The Federal Gasoline Tax refund is now claimed as a tax credit on the annual income tax report if the report is filed on time. The gas tax credit will not be allowed on late reports.

In addition, a tax credit of 6c per gallon on lubricating oils and 2c per gallon on diesel and special motor fuels not used in highway vehicles are deductible.

Farmers and ranchers will need accurate records of fuel purchases and IRS Form 4136 as they prepare to file their 1968 Income Tax Report.

For more information, Clayton suggests that a copy of IRS publication number 308 be obtained from the District Director of the Internal Revenue Service or from the local IRS office.

Eastside Church of Christ Youth Give Style Show Dec. 19

The youth of Eastside Church of Christ presented a community style show Dec. 19 entitled "Who Isn't Styl- ing?" Young people of the community were special guests.

The youth proclaimed that Freddy the Free Loader, Red Skelton, Carol Burnett, Gran- ny, Phyllis Diller, Soul Sister and Tiny Tim are even in style.

Freddy the Free Loader in magnificent wardrobe was played by Joseph Mays, Red Skelton, played by Larry Mayes, was seen as a forlorn person in a tragic desert scene. Deloris Washington in the part of Carol Burnett emphasized "the higher the dress, the higher the boots."

Elma Ree Mayes, playing Granny, described banning the mini-skirt. Ester Ree Brown as Phyllis Diller encouraged all Soul to get the "natural look." Soul Sister played by James Mayes claimed "I'm styling for my man." Hazel Sue Brown playing Tiny Tim came tiptoeing through the tulip: to climax the program. Walter Leonard was master of ceremonies. Mrs. Ruth Brown and Mrs. Erma Lee Mayes were hostesses.

Former Resident Featured As Winkler County's Woman Deputy

Mrs. Oleta Blanton, daughter of Mr. and Mrs. O. Fannin of Hamlin, was recently featured in the Winkler County News-Kermitt, as the County's only female deputy sheriff. Mrs. Blanton has served as combination office deputy, secretary, female jailer and "Girl Friday" for more than

eight years — since July 1, 1960.

Neinda Philosopher Looks Around Him and Decides 1969 Will Be As Interesting As Any

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One reviews the situation as a new year turns up.

Dear editor:
The trouble with going into a new year is you have to drag a lot of the old along with you as I was reminded when I walked through a mud puddle in the back yard the other day just about dark and tracked not only mud into the house but a copy of a newspaper which stuck to my foot. I used my head though and cleaned my shoes with a society section and saved the rest to read.

There are some who would have reversed this, but women are entitled to read at whatever level they can swing. This doesn't apply to all women and I want to say in advance I wasn't talking about any who may take exception to this, and if they do, tell them you've lost my address.

One page of the paper was filled with a review of the past year and a prediction for the new one.

According to it, 1968 will be worse. Man, it said, can't manage his affairs, all countries are in trouble and the world is going busted. There was some doubt we'd make it through 1969, and some question whether we should.

I don't agree. The world is no worse than it's ever been, it's just better televised. A hundred years ago, two countries could be at war and by the time the rest of the world heard about it a peace treaty had already been signed and both sides were working on ways to break it. Nowadays, one African tribesman can throw a spear at

mit in 1954 where Mr. Blanton is employed by Western Oil Transportation Company. They have two sons, Jimmy, 19, who is employed as a mechanic in Kermitt, and John, 15, a student at Kermitt High School.

In discussing law enforcement from a woman's viewpoint, Mrs. Blanton points out that there are many opportunities for women in the law enforcement field.

"I don't think women should go out and patrol the streets like men do, but there are many ways women can contribute to law enforcement," Mrs. Blanton was quoted in the feature story.

another one this morning and tonight, with an emergency meeting of the United Na-

tions called tomorrow to do something about it.

A lot of people who're losing hope for man probably had too much hope to start with. They should have studied themselves better. Personally, the world looks

about as interesting as it ever did, and my reaction to 1969 is, let it rip.

Yours faithfully,
J. A.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(January 2, 1924)

This part of Texas was shocked on Christmas morning to learn that a disastrous fire had visited the city of Stamford on Christmas Eve night, taking as its toll the lives of four people and the complete destruction of the famous Stamford Inn. Property loss was estimated at \$100,000.00.

The Herald begins the New Year with one of the most substantial subscription lists it has had in ten years. One thousand families now receive The Herald.

Last Saturday night fire from some unknown source ignited the oil house at the Orient shops and all the oils on hand were consumed. The loss is variously estimated from \$1200 to \$1800 according to unofficial reports. This was the only fire of any kind for Hamlin during the extreme cold weather.

Dovie News: Our school opened again Monday, and we are all very glad to be back again, although everyone had a nice Christmas and enjoyed their two weeks holidays. The PTA has donated \$30.00 to the library for the addition of new books. They have also made arrangements for other school improvements.

Members of the Woman's Literary Club and their husbands with out-of-town guests, celebrated the annual Christmas party, Friday, December 26th, at the home of Mr. and Mrs. H. L. Norris.

Games of Forty-two furnished the entertainment for the evening.

TWENTY YEARS AGO
(January 7, 1949)

Mrs. V. R. Bond, who is beginning her seventh consecutive year as city chairman of the polio fund drive, said this week that the campaign will open here January 14 and continue the remainder of the month.

Hamlin has raised more money than has any other town in Jones County each of the past three years.

Cadet Charles N. Shira, son of Mr. and Mrs. Ezra Shira of Hamlin has received his temporary appointment as first captain in the US Corps of Cadets. Shira has been designated as brigade commander for the Christmas vacation because of his high class standing in military efficiency and attitude for the service. Two registered nurses, Mrs. E. B. King and Cassie Shievers, are now on the staff of the Hamlin Memorial Hospital, according to J. E. Patterson, manager of the hospital.

According to Fire Marshall Mickey McGuire there were only 37 fire alarms turned in during the year 1948.

Members of the Hamlin Lions Club will entertain their ladies at the Ladies Night program of the group, scheduled for Friday night, January 14.

Members of the Ruth Sunday School class of the First Baptist Church met in the home of Mrs. Kenneth Scott Tuesday evening.

TEN YEARS AGO
(January 1, 1959)

Plans are shaping up well for a probable record attendance at the annual membership banquet of the Hamlin Board of Community Development, scheduled Friday evening of next week at 7:00 o'clock.

New BCD officers of the ensuing year will be installed at the banquet meeting. The main speaker will be Rev. P. D. (Dick) O'Brien, pastor of the First Baptist Church at Big Spring.

Cotton harvest in the Hamlin territory is down to the short rows and farmers and ginners checked this week by The Herald indicated that probably more than 90 per cent of the crop had been processed.

Annual Christmas dinner of members of the Hamlin High School chapter of the National Honor Society was held Wednesday evening of last week at the Pied Piper.

Boy Scout Troop 43 and Explorer Post 43 staged their annual Christmas party at the high school.

Members of the Friendship Sunday School Class of the First Baptist Church met Tuesday evening with Mrs. Jack Wright as hostess.

A Christmas box had been prepared by members of the class and given to a needy family.

Those present were: Mmes. E. A. Hewett, Everett Gibson, Erma Hall, A. Spencer, Tom Nall, Clyde Grice, Ernest Lee, Walker Hargrove and W. W. Fletcher.

Members of the Hamlin Firemen's Auxiliary met Monday evening at the Pied Piper Drive-In for a steak supper and election of officers.

New officers named were: Mrs. Johnnie Hastings, president; Mrs. Jane Murphree, vice president; Mrs. Bobby Moran, secretary; Mrs. Nell McGuire, treasurer; and Mrs. Patty Burge, reporter.

Anxious parents of today are over-indulging their children and relieving them of responsibilities to the detriment of the children's desire to succeed. This, in essence, was the assertion of Austin Siburt, minister of the Hamlin Church of Christ, when he spoke at the Tuesday noon luncheon of the Hamlin Lions Club at the oil mill guest house.

Tentative plans for a Lions Club benefit pancake supper were announced for late January by Acting President B. V. Newberry.

AFTER THE PARTY IS OVER

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

©Coleman Adv. Ser.

Have you ever felt like this little girl after a big, exciting day at the Fair, or a party? You know how you feel—excited, exhausted; but you feel good, too. Sometimes you just want to lie down and think about it. But like the little one in this picture you, also, are too tired to remove your party hat or your shoes.

Sometimes it is delightful just to lie down and think of something good and wonderful and happy. It is good just to be still and sort of day-dream about what has happened.

There are other times in our lives when we need to achieve a sense of quietness and think of God. The Psalmist says, "Commune with your own heart upon your bed and be still." Psalm 4:4. God says in Psalms 46:10 "Be still and know that I am God."

We invite you to attend church and sense the still, quiet holiness that is God's presence in the midst of the congregation.

"Whatsoever Things"

By DONALD E. WILDMON

Back several years ago an elderly couple, a man and his wife, were passing through Philadelphia. Being tired, and the night half gone, they searched for a hotel where they could get some rest. Every hotel they went to told them the same thing. "Sorry, we are filled up." Finally, in desperation, the couple tried a little third class hotel. As they entered the hotel the man went to the night clerk and spoke. "Mister, please don't tell me that you haven't got a room. We have searched all over town for a room but the conventions have filled up our usual hotels. We are so tired. Please don't tell me that you don't have a room where we could get some rest."

The night clerk looked at the couple, saw how tired they were, and then spoke. "I am so sorry, but our hotel is completely full." The expression on the couple's faces turned to disappointment. They turned, started to walk out. Then the night clerk spoke again. "Sir," he said, "I have a room which I will not be using tonight. I have the night shift and will be working all night. It isn't a fancy room. Not as nice as the others. But it is clean. And if you wish, I would be happy for you to be my guests for tonight."

Their faces lit up with gladness! Their disappointment was turned to happiness. The woman spoke. "God bless you, young man." Feeling like a million dollars, the clerk showed them to his room.

Next morning the couple went to eat breakfast. At the table, they sent the waiter to get the night clerk. They sent a message that they wanted to see him. Entering the room, the clerk

spotted the couple. With a smile on his face he spoke. "Hope you got a good night's rest and everything was fine." Both the man and the woman thanked the clerk for his kindness. After exchanging a few words, the elderly man changed the subject. "Young man," he said, "you are too fine a hotel man to stay in a hotel like this. How would you like me to build a large, expensive, luxury hotel in the city of New York and make you the manager of it?"

The young man sat there for a moment. He did not know exactly what to say. He wondered if the gentleman's mind was right. Finally, after searching for something to say, he stammered out these words: "It sounds wonderful."

You know, that young man didn't have to put those people up for the night. He could have turned them away. He had a good reason. And people had been turned away before. Remember Bethlehem? Already every major hotel in Philadelphia had turned them away. But this young man had something about him that refused to turn them away. He wanted to help, to be kind. "Do unto others . . ." He did that. He followed the Carpenter's command.

It wasn't long after that that a new hotel went up in New York City. It was one of the greatest hotels ever built. They named it the Waldorf Astoria. And the young night clerk became the manager and one of the world's greatest hotel men. The gentleman he shared his room with was John Jacob Astor.
